About Me!

Well hi there!! I am a third year university student studying computer science, math, and design. I am always seeking opportunities to gain experience and fine tune my craft.

Education

University of Kansas   *Aug 2022 – May 2027*
BS in Computer Science
BA in Mathematics
Minor in Design

- GPA: 3.86/4.0
- **Coursework:** Operating Systems, Computer Architecture, Data Structures and Algorithms, Computational Theory, Analysis, Linear Algebra

Experience

Platform Engineer   *Overland Park, KS June*
Netsmart   *2024 – Aug 2024*

- Leveraged Grafana Labs to create dynamic dashboards, visualizing errors from AWS CloudWatch logs to notify developers of potential vulnerabilities
- Developed a monitoring system for CPU and memory usage in Kubernetes clusters
- Tracked GitHub Copilot usage across the organization, providing insights to optimize coding practices

Research Assistant   *Lawrence, KS Sept 2023 –*
University of Kansas   *Dec 2023*

- Utilized Python libraries such as Matplotlib, NumPy, and Xarray to generate visual representations of data related to desert dust storms and their climatic impact

Barista   *Overland Park, KS May*
Parisi Cafe   *2022 – Present*

- Provide personalized customer service through engagement, recommendations, and ensuring satisfaction
- Create aesthetically appealing coffee beverages for seasonal photoshoots, contributing to the cafe's marketing content
- Manage an Instagram as a hobby: its_coffeeyo

Projects

African Dust Research   *African_Dust_Research* ↗

- Modeling the June 2020 historic infiltration of dust into the Caribbean and the United States

Personal Website   *kwhuber.github.io* ↗

- Developed a personal website run locally but hosted via Github Pages

Hack KU   *Hack-KU-2023* ↗

- Awarded first place for outstanding open-source contribution
- Enhanced the README.md of the open-ai whisper library to facilitate seamless implementation

Organizational Involvement

TEDxKU *May 2024 - Present*

- Curate a platform for global thought leaders to share their insights and passions at TEDxKU
- Develop and maintain the TEDxKU website, ensuring quality user experience

Student Advisory Board at the Spencer Museum *Oct 2024 - Present*

- Curate a workshops and events to increase student engagement with The Spencer Museum of Art at The University of Kansas

Jayhawk Jukebox *Oct 2024 - Present*

- Design and write news segments for the *Jayhawk Jukebox* broadcasting organization at The University of Kansas
- **Skills:** Adobe Photoshop & Adobe Premier Pro

Upsilon Pi Epsilon CS Honor Society *Aug 2023 - Present*

- Participate in diverse engineering discussions, workshops, and projects
